Core Operational Flow:	Data Driven Demand Forecast
How?	Based on Historical Data
Why?	

Customer Flow Through Marketing Channel:

Step 1:	First-time customer is driven to Servd ecosystem thru X marketing channel. Their first interaction needs to be a sign up landing page.
Step 2:	After completing sign-up, the customer should be driven to the specific landing page that drove them to our network. For example, if they clicked on an ad from the brand "spud bros" they should be driven to the spud bros landing page.
Step 3:	

Inventory Check + List of Required Procurement
Based on leftover inventory + recipe database

Prep List + Production Schedule
Based on instructions in recipe database

Pre-Service Check
